

Joint Base Elmendorf – Richardson Exceptional Family Member Program (EFMP)

About EFMP

The Exceptional Family Member Program (EFMP) is a Department of Defense program offered by all branches of the military. It is a mandatory enrollment program for all active-duty Service members who have a family member with an exceptional medical or educational need.

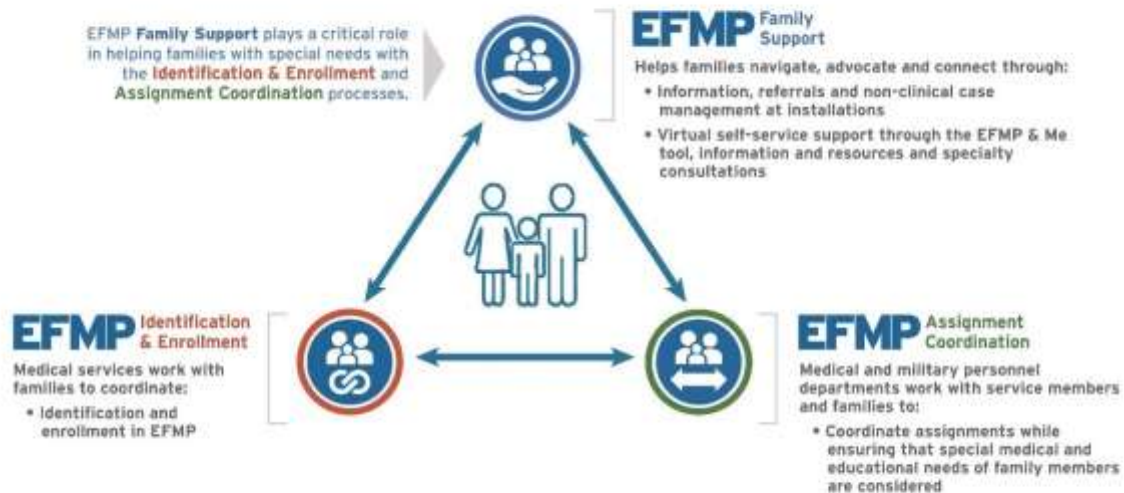

Learn more about EFMP at [Military One Source](#).

3 COMPONENTS of EFMP:

The program is comprised of three components:

- EFMP-Medical
- EFMP-Assignments
- EFMP-Family Support

All three components work toward a common goal of providing comprehensive and coordinated support to families.

EFMP Identification & Enrollment

EFMP-Medical supports the EFMP through screening, enrollment and assignment coordination through, including the Family Member Travel Screening (FMTS).

Air and Space Forces

The FMTS process has changed (effective 30 Aug 2021). For more information, visit:

DAF FamilyVector: <https://daffamilyvector.us.af.mil>

DAF EFMP Central Cell FB: <https://www.facebook.com/AirForceEFMP>

Army

At the current time, the newly launched Army EFMP Medical site, Enterprise-EFMP <https://efmp.army.mil/EnterpriseEFMP>, **cannot support** FMTS for command sponsorship, IPCOT, FSTE or EFMP disenrollment for Army families assigned to JBER.

Until this is corrected, all Army Service members already stationed at JBER will continue to complete the EFMP medical process by first bringing their required paper documents to the JBER EFMP Medical office before attempting to use the new Enterprise EFMP website. Each family situation is unique and will be better addressed in-person at the EFMP Medical office as they will provide the most up-to-date documents and instructions.

EXCEPTIONAL FAMILY MEMBER PROGRAM

Ask your **EFMP Family Support Office** about the **DD Form 3054**
Exceptional Family Member Program (EFMP) Family Needs Assessment

WHAT IS THE DD FORM 3054?

A tool that guides the family needs assessment process by which the EFMP Family Support provider, in partnership with the family, assesses, documents and prioritizes the unique needs of the family.

The **DD Form 3054** supports consistent, enhanced and continuous EFMP Family Support and has three sections:

① FAMILY NEEDS ASSESSMENT

Organizes family information and contains open-ended questions to help the EFMP Family Support provider gain an understanding of a family's needs.

② FAMILY SERVICES PLAN

Outlines strengths-based and family-centered goals and strategies to help a family meet goals and objectives, as mandated by the NDAA 2010.

③ INTER-SERVICES TRANSFER SUMMARY

Documents current needs and goals to enhance a warm handoff with a gaining sister-service EFMP Family Support office to maintain continuity of services.

WHEN SHOULD THE DD FORM 3054 BE COMPLETED AND WHO COMPLETES IT?

A family can request a DD Form 3054 when they want more than Information & Referral from EFMP Family Support.

The EFMP Family Support provider completes the DD Form 3054 through collaboration with families.

The DD Form 3054 is a living document and can be updated to reflect a family's changing needs.

EFMP Family Support

Visit your local installation **EFMP Family Support Office** to learn more about the **DD Form 3054**, and how it can help your family!

EFMP-Family Support coordinators use the FNA, also known as the [DD Form 3054](#), to identify and prioritize concerns for each enrolled family. The assessment identifies immediate and long-term needs, highlights strength-based and family-centered goals that focus on maximizing what the family is already doing well, and outlines strategies to help families meet their established objectives.

Topics addressed in these assessments include, but are not limited to: concerns about relocation; housing or finances; available local, state and/or federal support; educational concerns and transitions from the military.

EFMP RESPITE CARE:

Respite Care (Air and Space Forces only)

Each branch of service has a different EFMP Respite Care program. The Air and Space Forces offer 40 hours a month of specialized in-home childcare for dependent children with a moderate to severe diagnosis, along with their siblings. Here is the process for enrolling in Respite:

- *Must already be enrolled in EFMP and Q-coded. If not yet enrolled, contact EFMP-Medical at (907) 580-4609 to enroll.

***The [following must be completed](#) prior to enrolling in the Respite program.**

1. Have your child's medical provider fill out the [EFMP Respite Child Care Verification Statement](#).
 2. Fill out the [JBER Family Child Care Expanded Child Care Programs Registration Form](#)
 3. Email all completed forms to connie.nicholson@us.af.mil, where you will be enrolled in the Respite program and given a list of providers.
 3. Interview and select a provider.
 4. If you are assigned to an Air Force Base, contact the base's Family Child Care (FCC) office to schedule and track hours. For Joint Base Elmendorf-Richardson, call (907) 552-3995.
-

Tricare ECHO (Extended Care Health Option):

ECHO is a supplemental benefit program that provides services and supplies beyond the basic TRICARE military health care program. ECHO is available to active duty family members (ADFM) who meet the qualifications of a specific physical, developmental and/or mental disability. The program provides beneficiaries with coordinated ECHO services and supplies to reduce the disabling effects of the qualifying condition or disorder. Below is a list of benefits that may be available under the ECHO program depending on the ECHO qualifying condition. This information can also be found on TRICARE's [ECHO Benefits](#) page. *To enroll in ECHO you MUST FIRST be enrolled with EFMP. After enrolled with EFMP reach out to your [TRICARE contractor](#). For Joint Base Elmendorf-Richardson, call (907) 580-4609 to get ECHO enrollment started.*

*You must get pre-authorization from your regional [TRICARE contractor](#) for all ECHO services.

ECHO Benefits

- medical and rehabilitative services not specifically covered under the basic TRICARE benefit

- [hippotherapy](#)
- incontinence supplies or diapers may be covered for beneficiaries age three and older who are incontinent as a result of spinal, neurologic and/or mobility issues
- training (for example, how to use assistive technology devices such as a specialized computer keyboard)
- vocational support such as classes that teach a beneficiary to become more independent with life skills
- family training to assist in the management of the beneficiary's qualifying condition – for example, training a family member to use the ECHO beneficiary's specialized equipment and alternative communication methods
- institutional care when the severity of the qualifying condition requires protective custody or training in a residential environment
- private transportation to and from an ECHO-authorized service for institutionalized ECHO beneficiaries – for example, mileage reimbursement to transport the institutionalized ECHO beneficiary to and from an ECHO-authorized service
- assistive services, such as those from a qualified interpreter or translator for beneficiaries who are deaf or mute – for example, readers for the blind and sign language interpreters to assist in receiving authorized ECHO services
- durable equipment that is essential to reducing functional loss resulting from a qualifying condition
- durable equipment adaptation and maintenance
- [ECHO respite care](#) – up to 16 hours of care per month

ECHO ELIGIBILITY ADFMs must be enrolled in TRICARE Prime, TRICARE Select, US Family Health Plan, TRICARE Overseas Program (TOP) Prime, or TOP Select. ECHO benefits are available to the following ADFMs with a qualifying condition: • TRICARE-eligible ADFMs, including family members of National Guard and Reserve members called or ordered to active duty for more than 30 days for a federal preplanned mission or in support of a contingency operation.

- Beneficiaries eligible for ECHO benefits have access to a maximum of 16 hours per month of respite care, which provides time off for primary caregivers who care for eligible beneficiaries at home. Retroactive to Aug. 9, 2021, TRICARE has removed the prerequisite for beneficiaries registered in ECHO to receive other authorized non-respite care during the same month. Previously, ECHO respite care was only allowed within the same month that another ECHO benefit was authorized and rendered.
-

Secondary (non-primary) Dependents:

- Parent, parent-in-law, step-parent, parent by adoption, or any person who stood 'in-loco parentis' (in the place of a parent) to you for at least five years prior to your emancipation.
- Unmarried children ages 21 and 22 who are enrolled in an accredited institution of higher education on a full-time basis.
- Ward of the court, unmarried, and placed in the permanent legal physical custody of the member, or if not permanent custody for a period of at least 12 consecutive months.
- Unmarried child over age 21 incapable of self-support because of mental or physical incapacity that occurred while the child was considered a dependent of yours as a member or retired member, or is considered the dependent of a deceased member (while under age 21 or under age 23 and a full-time student).

To qualify as a secondary dependent, the individual's income, not including your contribution, must be less than one-half of the actual living expenses. The law requires the individual to be 'in fact' dependent on you, the service member.

- Your local personnel or finance office can help get you answers to your secondary dependency questions.
- When you're ready to submit your initial application or redetermination package, make sure you send it to the correct DFAS office.
- Make sure you review instructions and required documents for Army, Navy, Air Force and Marine Corps secondary dependency applications.
- In loco parentis dependents are not entitled to a USIP card / Military ID card.

The Scofflaw Ordinance as passed in 2008 (AO 2007-161) and amended in 2023 (AO 2023-67 (S-1)), allows for the seizure and impoundment of any vehicle driven by a person with more than \$2,500 in outstanding delinquent traffic citations over the past 5 years. The names of these individuals are published on the Scofflaw List, and through impound, the vehicles that were being driven have been removed from the streets through the support and assistance of the Anchorage Police Department. The purpose of abatement is to remove motor vehicles operated by repeat traffic offenders who have not been subject to the deterrent and rehabilitative effects of sentencing, and who therefore pose a heightened danger to the public.

Designed to assist **Air and Space Force** families with short-term specialized childcare to reduce the stressors associated with caring for a child with exceptional needs. Respite Care can be used for date night, going to the store, or hospital appointments to name a few. Respite care cannot be used for work. The program provides 40 hours of care each month for EFMP children and siblings up to

13 years old. Respite care may be available to EFMP young adults ages 19-23 on a case -by-case basis. For more information call 907-552-8840.

Extended Care Health Option (ECHO) – Respite Care

<https://tricare.mil/respite>

Beneficiaries eligible for ECHO also have access to respite care coverage. ECHO respite care allows for a maximum of 16 hours of care per month and services must be provided exclusively to the ECHO beneficiary. The primary care giver or another adult does not have to be present when the clinician provides the ECHO respite service for the care to be covered. For ECHO respite, there is no prerequisite for the beneficiary registered in ECHO to receive other non-respite care services during same month. **Army, Air and Space Force can receive ECHO Respite Care** through Tricare ECHO which provides 16 hours of care each month for EFMP children and their siblings. Army, Air and Space Force please call Tricare ECHO at 1-866-212-0442 for more information.

Alaska Inclusive Child Care Program (Alaska IN!)

[Public Assistance Alaska Inclusive Childcare Program \(Alaska IN!\)](#)

Supplemental funding for special needs childcare

Some children need additional assistance in order to be included in childcare. The Alaska Inclusive Childcare Program (Alaska IN!) is administered by the Childcare Program Office to give extra support to families with children who have special needs in accessing inclusive care and offer supplemental funding to providers for training, needed accommodations, and support to help them meet the child's individual needs. The purpose of Alaska IN! is to enhance the skills of the childcare provider, promote inclusive childcare practices in childcare settings, and ensure families participating in the Childcare Assistance Program, including children with special needs, have access to childcare. This also helps ensure children with special needs have a stable and consistent childcare provider who can meet their individual needs.
