# MEET THE GUIDES

Tim R.

I'm Tim and have been the Director of the Outdoor Adventure Program since 2019. I love spending time outdoors with my wife, daughter, and our 2 huskies, Colonel and Bandit. I'm passionate about the Alaskan outdoors and it's an honor to share that passion with others. Even for seasoned Alaskans, the cold, dark winters up here can still be difficult and it's important to have some sort of winter outlet to improve overall morale and stay resilient. Get out with OAP and check out our Winter Guide, from fat tire biking, cross-country skiing, ice fishing, and snow machine tours **we have something for everyone!**

Kirsten D.

My name is Kirsten and I have been a guide for the Outdoor Adventure Program on JBER since 2022. My favorite winter activity is Cross Country Skiing. I am looking forward to more adventures and lots of snow this winter!

Meiglan

"The biggest adventure you can ever take is to live the life of your dreams." – Unknown

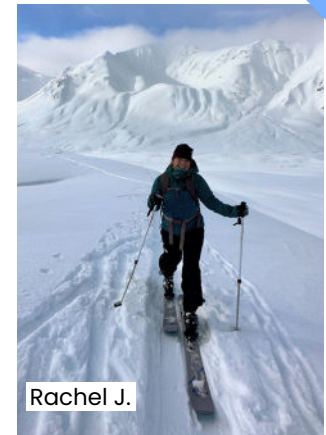

Sadie N.

Hey y'all! My name is Sadie, and I am an OAP guide, as well as a ski patroller at Hillberg. I love getting folks outside and connected with nature and teaching people about how to stay safe while recreating! My favorite winter activity is getting out backcountry skiing with my pup.

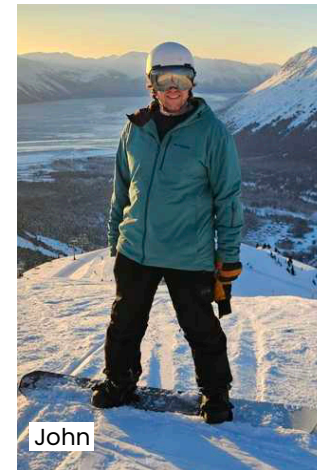

Ben C.

Hi, I'm Ben, a guide with the JBER Outdoor Adventure Program. I'm passionate about the outdoors and love helping others discover new adventures, learn new skills, and enjoy Alaska's incredible wild places.

Rachel J.

Hello, my name is Rachel and I've been living in Alaska since 2015 and working with OAP for just under a year. As a former Michigander I've always been drawn to winter activities. Some of my favorite winter sports include Nordic skiing, fat-tire biking, backcountry skiing, and any adventures with my dogs Olly & Arlo!

# SNOW MACHINE ADVENTURES

Snowmachine trips to Willow, Petersville, and similar locations are full-day adventures that take you deep into the remote Alaskan wilderness. These excursions typically cover 20–30 miles and often take place in temperatures that can drop well below zero. Please dress in warm, layered, winter-appropriate gear to ensure your comfort and safety throughout the day.

Trips held at Eagleleglen are ideal for community members seeking additional training or confidence before committing to a longer backcountry ride. These shorter outings offer a great opportunity to build skills, ask questions, and prepare for future wilderness adventures.
